Hi [Redacted]

Thank you for contacting us and participating in the City of Malibu’s outreach and engagement efforts for the Malibu community lands. You have been added to our contact list.

The majority of the lands are zoned Commercial Neighborhood. However, based on the feedback throughout this process, the Council may have the opportunity to rezone.

You can find more details regarding zoning requirements in the [City’s Zoning Code](#) and [GIS Map](#).

Please visit [MalibuCommunityLands.org](http://MalibuCommunityLands.org) for the most up-to-date news and information on the outreach and engagement process. We invite you to continue sharing your thoughts via email: [MalibuCommunityLands@MalibuCity.org](mailto:MalibuCommunityLands@MalibuCity.org).

*Tripepi Smith is a marketing, technology and public affairs firm based in California. The Tripepi Smith team is working with the City of Malibu to provide education & outreach services regarding Malibu’s vacant lands.*

I have now found an excellent page describing the lots by poking around in your webpages. A reference to these descriptions would be handy in your Big Rock neighborhood email.

Please consider the Trancas acreage as a multi purpose area that would be more protective of the area from fires, and provide social outdoor activity. Pool(s) since using Malibu High pool is so limiting. bocci ball courts and croquet courts, spaces that do not increase tons of noise, but allow the community to come together socially as well. maybe a community arts/theater/music center, at least on a small scale. thanks

hi,  
I would like to use some of the Malibu owned land for a community regenerative farming project.  
I saw the movie, "Common Ground" and was very impressed. We can actually get the carbon out of the air and into the soil to make healthier soil and food and get nature back into balance. I think this would make a wonderful addition to Malibu and I would love to help with it.
